

## 1. Sabse bada issue — page par bahut saare conflicting/dummy claims hain

Top par: ₹369 ₹699

lekin neeche Reels section me same product: ₹499 ₹699

aur RootHerb kahin ₹599 ₹799 dikh raha hai.

## 2. De-Tan Sunscreen page par (Product page par):

**51% Hair Density & Growth Improvement Measured in 90-Day Clinical Trial**

dikh raha hai, Ye clearly **RootHerb ka data** lag raha hai jo sunscreen page me aa gaya hai.

## 3. Recommended by Doctors & Experts

Recommended by Doctors & Experts wale section me dr. ke dummy name hei.

## 4. “100% Cold-Pressed” sunscreen ke context me confusing hai

Top par:

**100% Cold-Pressed**

aur page repeatedly botanical/cold-pressed formulation position kar raha hai.

**Product page par clearly dikhna chahiye:**

**UV Filters:**

[actual INCI ingredients]

**Actives:**

Niacinamide X%

Kojic Acid X%

etc.

**Botanical ingredients:**

Rice Water

Sea Buckthorn

Aloe Vera

## 2. “4 Wks Visible Results” — REMOVE

Current page me:

**4 Wks Visible Results**

 **Remove completely.**

Because OleoKare study ka result ≠ guarantee that every RootHerb customer sees visible results in 4 weeks.

Instead:

 **Put:**

**Powered by Clinically Studied OleoKare®**

We can add some where

### **Rooted in Ayurveda. Refined by Science.**

RootHerb™ brings together **18 Ayurvedic botanicals, cold-pressed oils and OleoKare®** in a modern hair-care formula designed for consistent scalp and hair nourishment.

At the heart of the formula is **OleoKare® — a botanical active clinically studied at a 2.5% concentration for hair-growth and hair-care performance.**

Traditional botanical wisdom meets modern formulation science — in one daily hair ritual.

## 4. Current “five centuries” claim — CHANGE

Current:

“time-tested extraction method unchanged for over five centuries.”

**✗ Don't say “unchanged for five centuries”**

**Replace:**

**Inspired by traditional Ayurvedic preparation methods and adapted for modern formulation standards.**

## 5. Current “100% active phytochemicals” claim — REMOVE

Current:

“preserve 100% of the active phytochemicals...”

**✗ Remove “100%”.**

You cannot realistically communicate that all active phytochemicals are preserved unless you have very specific analytical evidence.

Replace with:

**Our cold-pressed oil base is selected to retain the natural characteristics of the botanical oils used in the formula.**

Current: Lightweight formula absorbs fully without blocking scalp pores.

Replace with:

**Lightweight Scalp Feel**

Designed to nourish without leaving a heavy, sticky residue.

## **9. “Hypoallergenic / safe for sensitive scalp”**

Current:

Hypoallergenic and safe for all hair types including sensitive scalps.

Replace:

**Made for Everyday Hair Care**

Suitable for regular scalp and hair-care routines.

## 13. Bhringraj section me jo “51%” hai — DELETE

Current:

“extend the anagen growth phase by 51% while inhibiting DHT-induced hair loss.”

Isko Bhringraj ke naam par mat lagao.

**Replace with:**

### **Bhringraj**

#### **Traditionally Used for Hair & Scalp Care**

Bhringraj has a long history of use in Ayurvedic hair-care practices and is valued for scalp and hair nourishment.

#### **Role in RootHerb:**

Botanical scalp and hair conditioning.

Neem comb ke page me bhi

# 1. “100% Cold-Pressed” yahan bilkul galat hai

Current product hero:

**100% Cold-Pressed 0% Mineral Oil Dermatologist Tested**

Ye **comb** hai.

Cold-pressed ka concept oil ke liye hai, comb ke liye nahi.

**✗ Immediately remove:**

**100% Cold-Pressed**

**0% Mineral Oil**

## THE NEEM ADVANTAGE

### **Natural Neem Wood**

A naturally durable wood traditionally valued in Indian wellness practices.

### **Low Static**

Helps minimise static compared with many plastic combs.

### **Smooth Rounded Teeth**

Designed for gentle detangling and comfortable scalp contact.

### **Gentle Scalp Massage**

Use the rounded teeth for a relaxing scalp-combing ritual.

### **17 Botanical Infusion**

Traditionally soaked in a botanical oil blend for 45 days.

### **Naturally Biodegradable**

A wood-based alternative to disposable plastic combs.

Nimbidin and Azadirachtin eliminate scalp fungus”

**Delete**

**Vedic texts prescribed daily combing**

**Before/after section - yaha hume neem comb wale ka dalna hei result...**

**19. Current review count “128” is suspicious**

The comb currently shows:

4.9 (128)

Based on 128+ Verified Reviews

If these are dummy, remove immediately.

Especially because a ₹119 comb page with 128 verified reviews while other products have the same 128-ish numbers feels manufactured.

## **20. Instagram section is dummy-looking here too**

**Current page has:**

**1,420 / 89**

**2,310 / 144**

**etc.**

**And some posts have claims like:**

**“Watch hair fall drop in 2 weeks...”**

**Before launch:**

**Remove all dummy social stats/posts.**

**Only show actual Instagram content.**
